

REALIZING THE COLLEGE DREAM CURRICULUM DELIVERY WORKSHOP

“Realizing the College Dream” is a curriculum guide that supports teachers, counselors, and community-based organization staffs in their work to increase the expectations of attending college by low-income, first-generation college-going students and their families. The lessons and workshops provide students with an opportunity to think of themselves as future college students and debunk the myth that they can’t afford college.

Visit <http://www.ecmcfoundation.org/projects.html> for more information specifically about the workshop.
